

GENIE QUEST & SPRINT REWARDS & REFERRAL COMMISSIONS

This document outlines the structure and terms and conditions governing the rewards to be paid out for participating in the Genie Ecosystem Quests & Sprints.

The Genie Ecosystem will initially be comprised of 4 tokens - \$NOSHIT, \$GIVEAWAY, \$PREDICTOR and \$GENIE, which will be launched in that order.

Quests will be held at certain times to be announced in order to increase social media engagement for the project, awarding points for X account follows, retweets and the interaction (no of views, likes and shares) of those retweets, etc.

In order to qualify to take part in these quests, you must join our main telegram channel at [t.me.....](https://t.me/.....)

When you join our telegram channel, you will receive a unique referral code, which you can use in all your posts to drive the interaction with Genie. Anyone who joins our main telegram channel using your referral / invite code will be deemed to be your referral, and you will also earn referral fees for any token purchases made by your referrals, at the rates to be announced for each token.

The points earned will be used for the Sprints to acquire free membership on the Genie Senate (normally priced at 18 SOL), where you will not only get to have a say on the ongoing development of the whole ecosystem, but also earn the right to receive a share of all of the profits generated by all the different layers of the ecosystem (4 initial tokens, licensed prediction markets, launchpad).

SENATE MEMBERSHIPS

15 Free Senate positions will be awarded in the Foundation Sprint, up to the launch of \$GIVEAWAY, which is the second token (following \$NOSHIT) to be launched on the ecosystem.

A further 10 Free Senate positions will be awarded in the Predictor Sprint, up to the launch of the third token, \$PREDICTOR, the token for the Malta-licensed (pending) prediction markets platform.

And a final 5 Free Senate positions will be awarded in the Final Genie Sprint, up to the launch of the fourth token, \$GENIE, the token for the launchpad, which will have some unique features designed to ensure the sustainability and success of all tokens launched on it, with the support of the whole Genie community behind them.

The total number of Senate memberships will initially be limited to 100, and the positions other than those which have been awarded for free in the sprints, will be sold at up to 18 SOL each.

POINTS CALCULATION

Points will be awarded as set out below. You must join the main telegram channel at t.me/..... to start earning points.

- Joining each of the existing telegram channels of the ecosystem – 3 points each
- Following each of the existing X accounts of the ecosystem – 3 points each
- Retweets of official X posts – 6 points each
- Number of views received for each such retweet – 1 point each
- Number of likes received for each such retweet – 3 points each
- Number of times such retweet has been retweeted in turn – 6 points each
- Double points will be awarded when the post in question contains one of the tags [#Genie1000xChallenge](#) or [#GenieMillionaireChallenge](#)
- Token purchases using your unique referral / invite code – 30 points for every 0.1 SOL (minimum purchase 0.1 SOL)

REFERRAL COMMISSIONS

Referral commissions will be awarded at the below rates and paid out in SOL or USDC only. Payments will be made to the cryptocurrency wallet of your choice, once your earnings have reached a minimum of 1 SOL or equivalent in USDC.

- Direct Purchases of \$NOSHIT – 0.2% of total purchase value
- Direct Purchases of \$GIVEAWAY – 1.0% of total purchase value
- Airdrop acquisitions of \$GIVEAWAY (for holding \$NOSHIT) – 1.0% of the staked value of \$NOSHIT used to acquire \$GIVEAWAY
- Referral fees for \$PREDICTOR and \$GENIE and any other tokens to be launched on the Genie Launchpad will be announced at a later date.
